## DETAILED ACTION

Applicant's election with traverse of Group I in Paper dated 12/15/03 is
acknowledged. The traversal is on the ground(s) that the process claims as amended
cannot be used to make a materially different product and the process of using claims
cannot be used with a materially different process. This is not found persuasive
because the process can be used to make a different product such as one without a
core, and the process of using the product can be practiced with a different product
such as one without a core.

The requirement is still deemed proper and is therefore made FINAL.

- 2. Claims 1-8 are allowed.
- 3. This application is in condition for allowance except for the presence of claims 9-11 and 13-18 to an invention non-elected with traverse in Paper of 12/15/03. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to lessue.

The prosecution of this case is closed except for consideration of the above matter.
